(Registration application is on Page 4 of this file.)

Registration Guidelines

NIST Summer Camp is offered to children and grandchildren of NIST employees and children of Federal Government employees and NIST Associates. Each session of Summer Camp is limited to 30 children.

Priority registration for currently enrolled NIST CCC children begins immediately with this notice and continues through close of business on January 13, 2015. Registration for NIST alumni, siblings, and all others NOT currently attending the NIST CCC will be begin at 7:30 a.m. on January 14, 2015 in the multipurpose room of NIST CCC. Registration on January 14, 2015 will be for all remaining available slots not selected by current students and continues until such time that all 30 spaces per session are filled. If NIST is closed for any portion of the morning of January 14th due to inclement weather, registration will take place on the next full work day for NIST thereafter. Registration must be done in person at the child care center and each person in line can only register one family. No registrations will be accepted via the mail. **Spaces are filled in the order in which activity fees are PAID on a first come, first served basis.**

Once all camp spaces are filled, additional names will be placed on a waitlist for possible future openings/cancellations.

Allergy Policy

When a child has a life threatening or serious allergy to peanuts, peanuts will be prohibited from use in that child's classroom or any area that the child uses during the day. All parents in camp will be notified in writing of the banning of peanuts. Families are expected to comply with this request. For all other food or substance allergies, the Center will work with the child's family to provide the safest possible environment, and customize a special health care plan in cooperation with the child's physician.

The Staff

Our camp leaders are trained to work with children age five to ten and meet the MSDE Office of Child Care guidelines for Teacher-School-Age. Our experienced, trustworthy staff gets to know your child individually and therefore is able to offer regular feedback. A camp staff member is always available who is certified in CPR and First Aid.

The Activities

Weekly Themes - Our Camp offers fun and exciting activities revolving around weekly themes to include arts and crafts, games, photo journals, and indoor and outdoor play.

Off Site Trips - The entire group will be scheduled to travel to local theatres, parks, amusements, restaurants and/or animal attractions three days per week. Lower teacher to camper ratio helps to ensure safety yet offer opportunities to enjoy our culturally rich surroundings. Children will be transported in the NIST CCC 20 passenger bus with seat belts. Please note, due to field trip contract limitations and limited bus space we will only be able to accommodate one or two parent volunteers per trip. Volunteer space will be rotated to allow each camper the opportunity to experience a trip with his/her parent.

Swimming And Water Fun - We visit Gaithersburg's Bohrer Park twice a week as well as the Watermine Family Swimming Hole in Reston, VA as an offsite trip.

Food Options - From packing their own field trip brown bags to Friday's special meals, the children are actively involved in planning and preparing their summer camp foods. They will enjoy pizza or subs at lunchtime while swimming at Bohrer Park which is included in the "activity fee."

On Site Specials - Performers and/or NIST scientists are invited to entertain campers throughout the summer usually on Fridays.

Nymeo Banking Program - Learn the principles of a savings account as children visit the credit union on a weekly basis.
