Webcast

To view the live webcasts of these meetings, please return to this website on Feb. 16 or 17. Webcasts will begin at 8:00 AM Eastern Time each day and continue for the duration of the meetings. Archives of these webcasts will be posted on this website within one week of the meeting.

Public Comment Instructions

A public comment period will take place during the final 15-20 minutes of each subcommittee's presentation. Public comments will be limited to 3 minutes per individual.

Written comments may also be submitted by email to forensics@nist.gov. Please put the name of the relevant scientific area committee or subcommittee on your email subject line. If you wish to submit general comments about OSAC activities, please put "general OSAC comment" on your email subject line. The written comment period will be open until March 3. All written comments will be shared with the relevant scientific area committee or subcommittee.

Subcommittee Presentations

Subcommittee presentations will be available as PDF files after the meeting on this webpage.
