

Safeguarding Health Information: Building Assurance through HIPAA Security

Hosted by the HHS Office for Civil Rights (OCR) and the National Institute of Standards and Technology (NIST)

Conference Day 1: Tuesday May 10, 2011	
Time	Session
7:30-9:00	Registration/Coffee
9:00-9:15	Welcome and Logistics Kevin Stine, National Institute of Standards and Technology (NIST) David Holtzman, HHS Office for Civil Rights (OCR)
9:15-9:25	Leadership Remarks NIST and OCR
9:25-10:00	Keynote Address Aneesh Chopra, United States Chief Technology Officer (<i>Invited</i>)
10:00-10:45	Regulatory Updates Adam Greene, Senior Health Information Privacy Specialist for Health IT, OCR Christina Heide, Senior Health Information Privacy Specialist for Policy, OCR
10:45-11:00	Break
11:00-11:45	National Strategy for Trusted Identities in Cyberspace (NSTIC) Jeremy Grant, NIST
11:45-12:30	Beyond HIPAA: FTC Preliminary Privacy Report Lorraine Garrison, Federal Trade Commission
12:30-1:30	Lunch (Included in Registration)

Safeguarding Health Information: Building Assurance through HIPAA Security

Hosted by the HHS Office for Civil Rights (OCR) and the National Institute of Standards and Technology (NIST)

	Management Track	Technical Track
1:30-2:15	<p style="text-align: center;">Security Awareness Alex Eremia and Shallie Bryant, Med-Star Health</p>	<p style="text-align: center;">Identity Proofing and NIST SP 800-63: Applications in Healthcare Dr. Alex Barclay, Experian</p>
2:15-3:00	<p style="text-align: center;">Expansion of HIE and the Role of Regional Extension Centers HHS Office of the National Coordinator for Health IT (ONC)</p>	<p style="text-align: center;">Trends for the Mobility-Enabled Healthcare Enterprise and Security Threats, Vulnerabilities, and Countermeasures Ilene Yarnoff and Brenda Ecken, Booz Allen Hamilton</p>
3:00-3:15	<p style="text-align: center;">Break</p>	<p style="text-align: center;">Break</p>
3:15-4:00	<p style="text-align: center;">Risk Analysis in the Distributed Practice Setting Robin Wilcox and Marianne Hughlett, University of Louisville</p>	<p style="text-align: center;">Security Considerations for Enabling State, Regional, and National-level HIE Eric Heflin, Medicity</p>
4:00-4:45	<p style="text-align: center;">Securing Health Information in the Cloud Feisal Nanji, Techumen</p>	<p style="text-align: center;">Security Automation Applications in Health IT NIST and ONC</p>
<p>End Conference Day 1</p>		

Safeguarding Health Information: Building Assurance through HIPAA Security

Hosted by the HHS Office for Civil Rights (OCR) and the National Institute of Standards and Technology (NIST)

Conference Day 2: Wednesday May 11, 2011	
Time	Session
7:30-9:00	Registration/Coffee
9:00-9:15	Welcome and Logistics Kevin Stine, NIST David Holtzman, OCR
9:15-10:30	Medical Device Security Moderator: Dr. Dale Nordenberg, Medical Device Innovation, Safety, and Security Consortium Panelists: Bakul Patel, Policy Advisor, FDA Center for Devices and Radiological Health (CDRH) Jing Wang, Kaiser Permanente
10:30-10:45	Break
10:45-11:30	Insider Threat Briefing Randy Trzeciak, Carnegie Mellon SEI Insider Threat Team
11:30-12:15	OCR Enforcement Activities Sue McAndrew, Deputy Director for Health Information Privacy, OCR David Holtzman, Health Information Privacy Specialist, OCR
12:15-1:15	Lunch (Included in Registration)

Safeguarding Health Information: Building Assurance through HIPAA Security

Hosted by the HHS Office for Civil Rights (OCR) and the National Institute of Standards and Technology (NIST)

	Management Track	Technical Track
1:15-2:00	Practical Medical Device Security Lynette Sherrill, Deputy Director, Health Information Security Division, Department of Veterans Affairs	Strategies for Hardware Enabled Security David Houlding, Healthcare Enterprise Architect, Intel
2:00-2:15	Break	Break
2:15-3:00	Breach Avoidance Mac McMillan, Cynergistek	NIST HIPAA Security Rule Toolkit Kevin Stine, NIST JP Chalpin, Exeter Government Services
3:00-3:45	Breach Risk of Harm Assessment Harry Rhodes, American Health Information Management Association	Encryption Strategies for Protecting Health Information Matt Scholl, NIST
End Conference
