

Combating Confirmation Bias

Can Forensic Science Benefit from Importing Eyewitness Identification Procedures?

Jeff Kukucka, Ph.D.

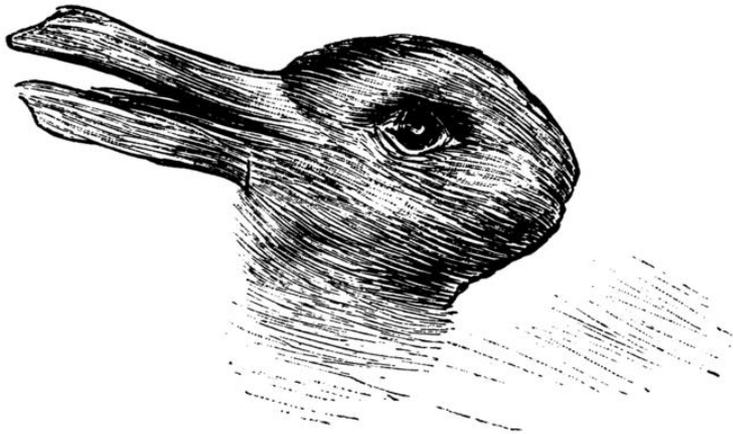

Two Types of Processing

Confirmation Bias

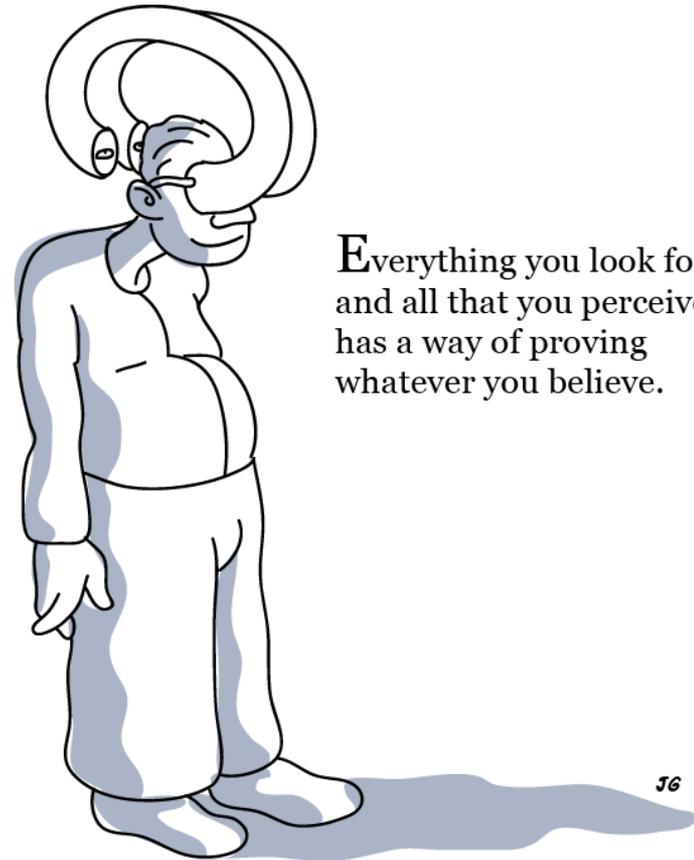

Welche Tiere gleichen ein-
ander am meisten?

Kaninchen und Ente.

... a **rabbit** or a **duck**?

(Jastrow, 1892)

Everything you look for
and all that you perceive
has a way of proving
whatever you believe.

Forensic Confirmation Bias

Miller (1984)

Elaad et al. (1994)

Dror & Charlton (2006)

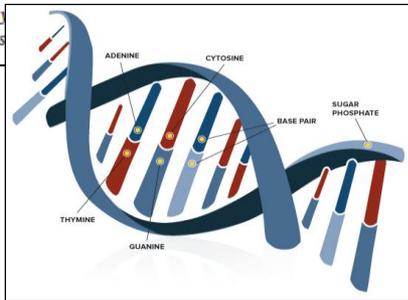

Target article

The forensic confirmation bias: Problems, perspectives, and proposed solutions

Saul M. Kassir^{a,*}, Itiel E. Dror^b, Jeff Kukucka^a

^a John Jay
^b Univers

Dror & Hampikian (2011)

Bieber (2012)

Nakhaeizadeh et al. (2014)

Example: Barry Laughman

- Laughman confesses to rape and murder of elderly neighbor
- Rapist has Type A blood; Laughman has Type B blood
- Chemist concocts theories that reconcile blood with confession
- Served 16 years in prison

Overall Aims

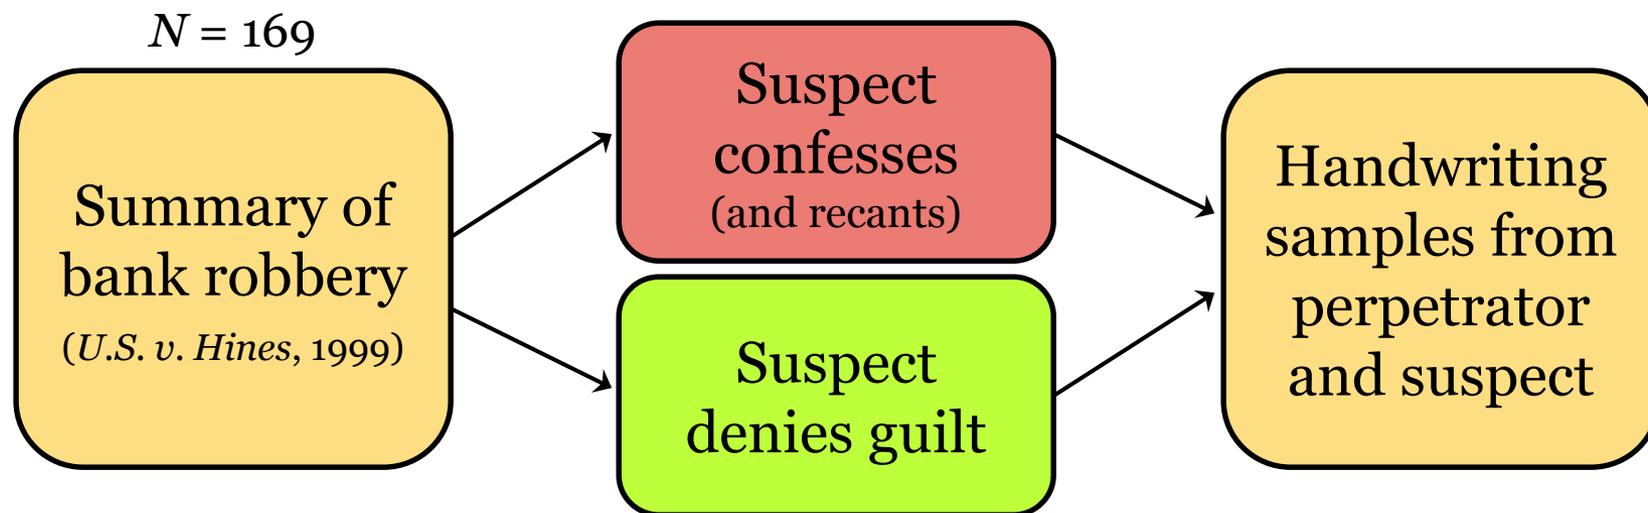

- Studies 1 + 2 (Kukucka & Kassin, 2014)

Does knowledge of a recanted confession affect subsequent judgments of handwriting evidence?

- Studies 3 + 4 (Kukucka & Kassin, under review)

How does the adoption of eyewitness identification procedures affect context-laden judgments?

Study 1 Method

IV

Confession =
Present / Absent

DVs

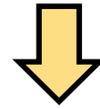

- Similarity (1-10)
- Match? (Yes/No)
- Verdict (G/NG)

Materials

I understand my rights to remain silent and to call a lawyer and I agree to talk at this time.

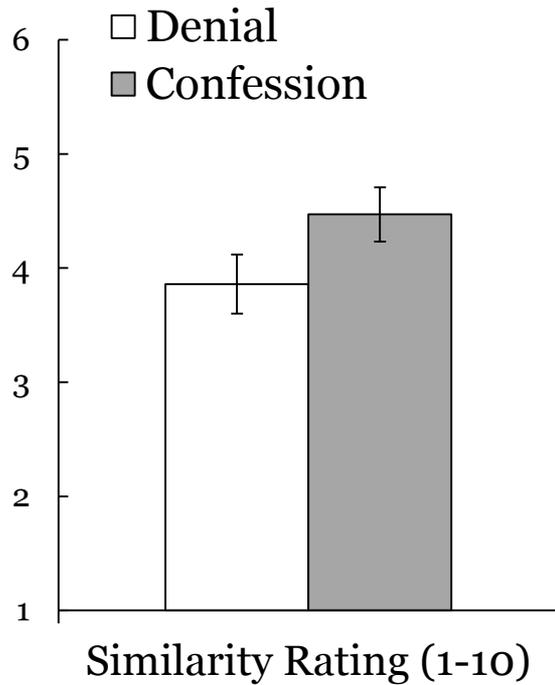

I have a gun
keep quiet or I will
shoot you.
Give me all your cash!

OR

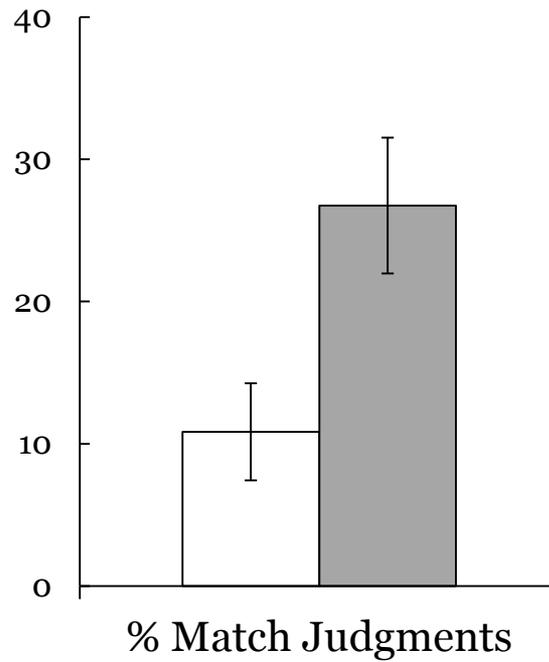

I have a gun.
keep quiet or I will
shoot you.
Give me all your
cash.
