Re: Developing a Framework to Improve Critical Infrastructure Cybersecurity

Dear Ms. Honeycutt,

UTC is pleased to submit our response to the National Institute of Standards and
Technology (NIST) Request for Information RFI) in support of the development of the
Cybersecurity Framework.

UTC is looking forward to continue participating in the development of the Cybersecurity
Framework through the workshops, dialog, and other venues. If you have any questions
about the content of this respond, please do not hesitate to contact us.

Sincerely,

Nadya Bartol, CISSP, CGEIT
Senior Cybersecurity Strategist
