

2006 and 2007 Amendments

The following table lists the laws and regulations amended by the 91st (2006) and 92nd (2007) National Conference on Weights and Measures (NCWM). Handbook 130 was not printed in 2007 after the NCWM 91st Annual Meeting. The single change resulting from that meeting is being included in this edition and listed in the Amendment Table. As appropriate, the text on the cited pages indicates the changes to the law or regulation, section, or paragraph as “Added 2006 or 2007” or “Amended 2006 or 2007.” Unless otherwise noted, the effective date of the regulations added or amended in 2006 is January 1, 2007, and those amended in 2007 are effective January 1, 2008.
