Subject: Comment on CSF ver.1.1
To: "cyberframework@nist.gov" <cyberframework@nist.gov>

Dear Sirs.

I have known the update for this revision recently.
I found to newly include SCRM into ID process.
SCRM is a key thought to strengthen Cybersecurity Risk Management.
Otherwise, it may have a difficulty to grasp the whole chain.
I think that SCRM might be required to have more guidance and example of use case to be better handling.

Regards
Shigeto Fukuda
