WELCOME

Welcome to the 2017 Baldrige Examiner Preparation course. We encourage each of you to take advantage of the incredible opportunity offered to you through Baldrige examiner training to learn from and network with the nation's foremost performance-excellence professionals.

Baldrige examiners provide a valuable service to their country by using their expertise to improve the performance of U.S. organizations and help identify national role models. Members of the Baldrige Program's all-volunteer Board of Examiners give time and talent to improve U.S. competitiveness and generate over \$24 billion in social and economic benefit to the nation.

By participating in the Baldrige Examiner Training Experience, you will learn the same methods and techniques used by examiners and network directly with the examiners and Baldrige staff members throughout the training week. The information that you take back to your organizations will enhance your performance improvement efforts.

This document is designed to help you with travel, lodging, and other logistical aspects of Baldrige examiner training. Familiarizing yourself with its contents will answer most of your questions concerning what to expect before and during examiner training.

Due to the need to defray costs associated with examiner training courses and in response to feedback from past training participants, the following changes are being implemented:

- In previous years, the training extended through midday on Friday. In 2017, the training courses will be held from 8:30 a.m.–5:00 p.m. on Tuesdays (for new and senior/alumni examiners and BETE participants) and Wednesdays (for all training participants) and 8:30 a.m. – 4:00 p.m. on Thursdays (for all training participants). No sessions will be held on Fridays.
- Training participants will be responsible for paying for their lunches in the NIST cafeteria each day on site. The average price for lunch each day is \$8.00. Light snacks will be provided throughout the day in or near the classrooms.
- Light hors d'oeuvres will be served during the Wednesday evening reception from 6:00 p.m.– 6:30 p.m. at the Hilton Garden Inn hotel.
- Transportation to the area airports will not be provided after the training course ends on Thursday. The Baldrige Program will provide daily transportation from the Hilton Garden Inn and Homewood Suites to and from the training location. Contact the hotel front desk for assistance

reserving transportation to the area airports. See page 8 for more detailed transportation information.

PROOF OF U.S. CITIZENSHIP OR PERMANENT RESIDENCY

PLEASE NOTE: Effective July 21, 2014, under the REAL ID Act of 2005, agencies, including NIST, can only accept a state-issued driver's license or identification card for access to federal facilities if issued by states that are REAL ID-compliant or have an extension.

NIST currently accepts other forms of federally issued identification in lieu of a state-issued driver's license, such as a valid passport, passport card, DOD's Common Access Card (CAC), Veterans ID, Federal Agency HSPD-12 IDs, Military Dependents ID, Transportation Workers Identification Credential (TWIC), and TSA Trusted Traveler ID.

To learn more about the REAL ID Act and to determine if your state or territory is compliant, visit the Department of Homeland Security's REAL ID Frequently Asked Questions web page at <https://www.dhs.gov/real-id-public-faqs>.

All training participants must present a government issued ID at training registration and each day at the NIST campus security gate. Should you have any questions, send an email to examinerlogistics@nist.gov.

You will need to present one of the following documents to verify your citizenship or US permanent residency:

- U.S. Passport
- Certified Birth Certificate Issued by the City, County, or State
- Consular Report of Birth Abroad or Certification of Birth

Attendance is mandatory for all days of examiner training. Please plan to arrive at training on time each day and to remain for the full day. BETE participants who do not stay through the end of training will not receive a certificate.

USE OF ELECTRONIC DEVICES

NIST has public Wi-Fi on the first floor and inside of the training rooms. If you decide to bring your electronic devices to training, you will be responsible for ensuring that they remain secured. The training rooms are not secured and NIST cannot be responsible for your personal items. Your full attention and engagement contributes to the success of your learning experience. Therefore, please limit usage of electronic devices inside the classroom. See your facilitator about usage of electronic devices inside your classrooms.

SPECIAL ACCOMMODATIONS

Training rooms are located throughout the NIST Administration Building—some at a considerable distance from the main parking lot and bus drop-off location at the Administration Building. If you require special accommodations to reach these training rooms and did not note this when selecting your training week, please send an email to examinerlogistics@nist.gov.

TRAINING WEEK CHANGES OR CANCELLATIONS

Inform the Baldrige office of a change or cancellation needed as soon as possible via the following email address: examinerlogistics@nist.gov. In your e-mail, please indicate the week(s) of training that you can attend. We will try to accommodate your request, but we cannot guarantee you a seat in another training week. Baldrige Examiner Training Experience cancellations up to one week prior to the training event will result in a \$300 administrative fee, which will be deducted from your refund. Cancellations within one week of the training event are non-refundable.
