Certification Number: _____

_____ attended the following professional educational activity.
(NAME)

Title: Building Your Small Business Cybersecurity Team: From In-House to Outsourcing

Date(s): May 5, 2026 CEU Hours Earned: 1 hours

Sponsor(s): National Institute of Standards and Technology (NIST)

Explanation of Event: Celebrate National Small Business Week with NIST! A key component of managing and reducing cybersecurity risks and integrating good cybersecurity practices throughout your business is making sure you have a cybersecurity-ready team. But what does that, or can that, look like? The composition of this team will vary based upon your budget, current staff capabilities, risk level, cybersecurity or privacy requirements, etc., and can vary from a single in-house cybersecurity role (e.g., hiring new staff or upskilling existing), to an entire internal cybersecurity team, to external vendor or community support—or a mix of all the above. This webinar will showcase various options that small businesses may consider as they start building their cybersecurity team. Webinar attendees will hear presentations from:

Allison K. Giddens, President, Operations, Win-Tech, Inc.
Charles Weaver, Co-Founder, MSP Alliance
Darcy Shaw, Program Manager, Del Mar College Cyber Center
Tony Bryan, Executive Director, CyberUp
Karen Wetzel, Director and NICE Framework Lead, NIST
Andrew Rayo, Consumer Education Specialist, FTC
Moderated by **Daniel Eliot**, Lead for Small Business Engagement, NIST

Location: Virtual Webinar: <https://www.nist.gov/news-events/events/2026/05/building-your-small-business-cybersecurity-team-house-outsourcing>

Name of Meeting Host: Daniel Eliot, Lead for Small Business Engagement, NIST
