OIS microLearnings

The OIS is focused on increasing accountability when it comes to cybersecurity at Labcorp. To help in that effort, the OIS is now offering new microLearning modules.

The microLearning modules are **optional**, take no more than **5 minutes** to complete and are for anyone looking to improve their Security Snapshot score or wanting a quick refresher on important cybersecurity topics.

NOT EVERYONE NEEDS TO KNOW

microLearning #8 (Mar. 2026)

Explore the risks of sharing those special moments online.
