Why Exhibit at Forensics@NIST 2012?

Time out of the office, travel and shipping costs all cause companies to closely examine

exhibitor opportunities.

Forensics@NIST 2012 is a unique event focused on how NIST's world-class laboratories and staff of material scientists, metrologists, analytical chemists, biological scientists, computer scientists, and

forensic science practitioners work

together to address the challenges facing the forensic science community.

Forensics@NIST 2012 can maximize your networking options and put you in the room with industry specific customers and business partners.

The estimated attendance for Forensics@NIST 2012 is 300 attendees. So make the most of your business travel this fall, and meet the potential business partners and customers who matter to you most.
