

# NIST Workshop on Hardware CPE and CVSS Updates

## Preliminary Agenda

**Monday, June 22, 2026 · 10:00 a.m. – 5:00 p.m. ET**

National Cybersecurity Center of Excellence (NCCoE) · Hybrid

[Event page on nist.gov](#) · Questions: [cpe-workshop@nist.gov](mailto:cpe-workshop@nist.gov)

Time	Topic	Speaker(s) / notes
9:30 AM	<i>Registration, coffee &amp; snacks</i>	–
10:00 – 10:20 AM	Welcome & opening remarks	Opening remarks and workshop framing
10:20 – 10:55 AM	Why CPE is being revised: goals, scope, hardware naming gaps, path to CPE 3.x	Presentation + Q&A
10:55 – 11:30 AM	Identifying and matching hardware: the CPE Dictionary and the matching algorithm	Presentation + Q&A
11:30 – 11:45 AM	<i>Coffee, snacks, and informal discussion</i>	–
11:45 AM – 12:20 PM	CPE 3.x design directions: data model, granularity, federation, and aliasing tradeoffs	Presentation + Q&A
12:20 – 1:00 PM	Facilitated morning discussion: naming, matching, and CPE 3.x direction	Facilitated discussion
1:00 – 2:00 PM	<i>Lunch</i>	–
2:00 – 2:45 PM	Panel: Identifying hardware in practice	Moderated panel
2:45 – 3:00 PM	<i>Coffee, snacks, and informal discussion</i>	–
3:00 – 3:45 PM	Severity Scoring and Hardware	Moderated panel
3:45 – 4:45 PM	CPE discussion: open community feedback	Facilitated community feedback
4:45 – 5:00 PM	Closing remarks, next steps	Closing remarks
