# The Review Process

The Department of Commerce (DOC) review process facilitates the evaluation of research and non-research applications by review groups composed of reviewers with the expertise in the relevant fields.

Meeting Administrators set up a review event (or meeting) by adding applications for review. Then, the applications are assigned to individual reviewers. Reviewers will have a set of applications to review within the review event.

**Internet Assisted Review (IAR)** is an eRA module that provides a standard process for reviewers to:

- Identify conflicts of interest
- View meeting materials
- Access applications for review
- Submit scores/critiques

# Invitation to IAR

Reviewers are invited to participate in a review event by meeting administrators. Once invited, reviewers will receive instructions on how to access IAR through a series of emails.

Dear Reviewer:

This is a system-generated invitation to the eRA Commons / Internet Assisted Review (IAR) module in connection with your participation in the following review event: **Sample NIST Review Meeting** (2026/08 ZIN1 LS-1 (01) 2). This is a multi-step process. Please read this email in entirety.

To submit your reviews electronically, you will need to log in to eRA Commons to access the Internet Assisted Review (IAR) module. To create your eRA Commons account, we have set up a special URL (address on the Internet) that is unique to you. **Please do not share this URL.**

Please visit this website to create your eRA Commons account **as soon as possible or no later than 09/07/2026**. Your proposal review is due on . Please click on the following URL: <https://public.stage.era.nih.gov/ams/public/createProvAccount.era?requestType=IAR&&code=abad5577-be05-4256-a8f4-c414c3af3f53>. (You may copy and paste this address into the "Location" window of your browser, and press Enter. If the URL doesn't work, make sure it is complete and hasn't been broken over multiple lines. If the URL spans more than one line, make sure you are entering all of it in the location window of your browser and that there are no spaces in the address.)

Follow the instructions on the screen to enter information about yourself. You will also be asked to verify the public information that DOC has on file to ensure your information is both accurate and complete.

This unique URL will expire on **09/07/2026**. If the URL is expired, please contact me by phone or email listed in the signature line of this email.

After submitting your registration request, you will receive two email notifications. The first email will confirm your eRA Commons account activation; it will contain the URL for the eRA Commons website. The second email will include a temporary password for your new eRA Commons account. It may take 2-5 business days to receive these emails. Once you receive the two emails, you will be able to complete the setup of your eRA Commons account.

**Note: Reviewers are required to use two-factor authentication to access the Internet Assisted Review (IAR) module for their review meeting(s).** As part of the account setup process, you will change your eRA Commons account temporary password, create an account at Login.gov (a centralized government authentication service), and associate your eRA Commons account with your Login.gov account (this is a one-time process).

#### 1. Confidentiality of Documents and Restriction on Contact

I understand that 1 applications for proposed awards are made available to reviewers solely for the purpose of reviewing those applications against the published evaluation criteria for the financial assistance program.

I agree not to discuss the contents of the applications outside the Department during or after the review process, and to discuss the proposals within the Department only with the other reviewers and Department staff members and in the context of, and under the procedures for, application review. I agree to follow the written instructions provided by the Department for the completion of review forms. I agree to retain no copies of documents or parts of documents related to review.

I further agree not to contact the originators of applications being reviewed concerning any aspect of their contents. In addition, I agree not to use any information obtained as result of my participation as a panel member for personal or private gain.

As required by 5 U.S.C. § 2302(b)(13) and the annual Appropriations Act, these provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General or the Office of Special Counsel of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection. The definitions, requirements, obligations, rights, sanctions, and liabilities created by controlling Executive orders and statutory provisions are incorporated into this agreement and are controlling. This agreement shall not be construed to prohibit or restrict an employee or applicant for employment from disclosing to Congress, the Special Counsel, the Inspector General of an agency, or any other agency component responsible for internal investigation or review any information that relates to any violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or any other whistleblower protection.

#### 2. Conflict of Interest

I agree not to discuss the contents of the applications outside the Department during or after the review process, and to discuss the proposals within the Department only with the other reviewers and Department staff members and in the context of, and under the procedures for, application review. I agree to follow the written instructions provided by the Department for the completion of review forms. I agree to retain no copies of documents or parts of documents related to review.

I further agree not to contact the originators of applications being reviewed concerning any aspect of their contents. In addition, I agree not to use any information obtained as result of my participation as a panel member for personal or private gain.

As required by 5 U.S.C. § 2302(b)(13) and the annual Appropriations Act, these provisions are consistent with and do not supersede, conflict with, or otherwise alter the employee obligations, rights, or liabilities created by existing statute or Executive order relating to (1) classified information, (2) communications to Congress, (3) the reporting to an Inspector General or the Office of Special Counsel of a violation of any law, rule, or regulation, or mismanagement, a gross waste of funds, an abuse of authority, or a substantial and specific danger to public health or safety, or (4) any other whistleblower protection.
