

## Bayh-Dole and iEdison Confirmatory License (CL) Checklist

***This checklist is not a comprehensive checklist of requirements for every funding agency. If you have questions about your funding agency's requirements, contact that agency directly. Below is a checklist to ensure that the CL's application/patent number matches the iEdison Patent Report, ensure the CL has the proper language, and that the CL is complete, signed, and dated. iEdison will generate a correct CL after the application number is reported. On the Patent Report under the Supporting Documents tab to the right of the CL upload field, under Action, click Generate: fill in the name of the signatory, title, signature, and date signed then upload the document to iEdison. Please see our user guide on how to [Generate and Upload a Confirmatory License](#).***

Item	Present In Document	Matches iEdison
<p><b>Title and Inventor(s)</b>  <i>While title and inventor(s) can change throughout patent prosecution, it is not imperative that they match in iEdison, but they should be similar.</i></p>	<input type="checkbox"/>	
<p><b>Patent Application Number or Patent Number</b>  <i>Each Confirmatory License should specify only one patent application or patent number otherwise the CL may be rejected.</i></p>	<input type="checkbox"/>	<input type="checkbox"/>
