* There are some KSA-s that are not linked to any work role (e.g., K0621, K0629 etc).
* A mapping between the tasks and KSA-s would be useful.
* Some KSA-s are very generic and ambiguous (difficult to assess), e.g. S0005, S0268, A0101, A0106.
* Some KSA-s are very similar, e.g. S0232 and S0335; S0060 and S0266; A0067 and A0088.
* Foundational KSA-s such as S0266 are overlapping with others, e.g. S0130 and S0257.
