

---

# Understanding the Significance of Standards in Fire Protection and Related Fields

Bryan L. Hoskins, Ph.D.

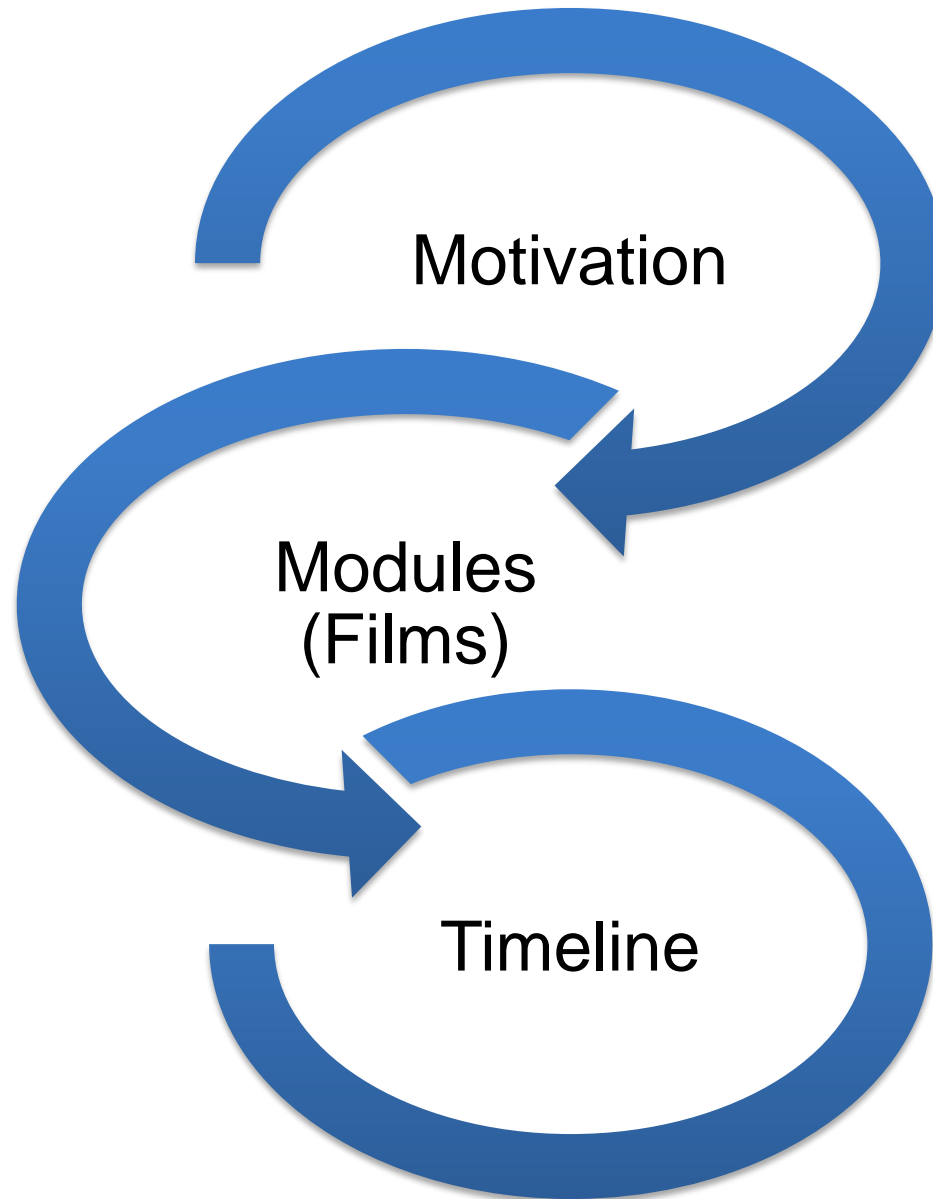

Virginia Charter, PE

Oklahoma State University

# Outline

---

# Motivation

Why did NFPA/ICC require us to...

- Poor understanding of code and standard process
- Poor understanding of different types of codes and standards

Resource needed

- Widely available
- Engaging

# Module 1

Introductory Module

Codes in fire  
protection

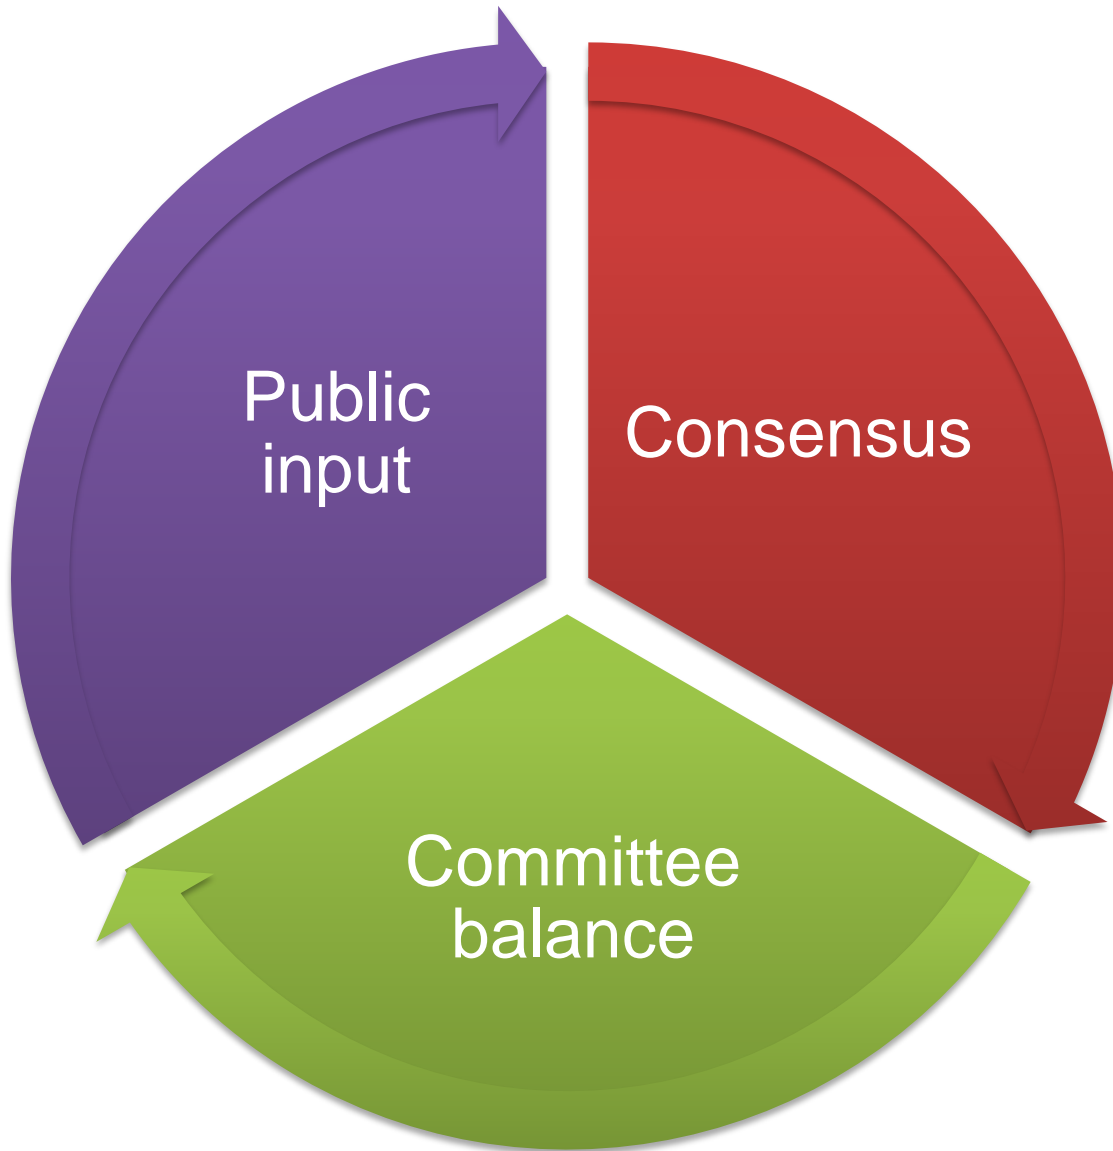

History

Use

# Module 2

---

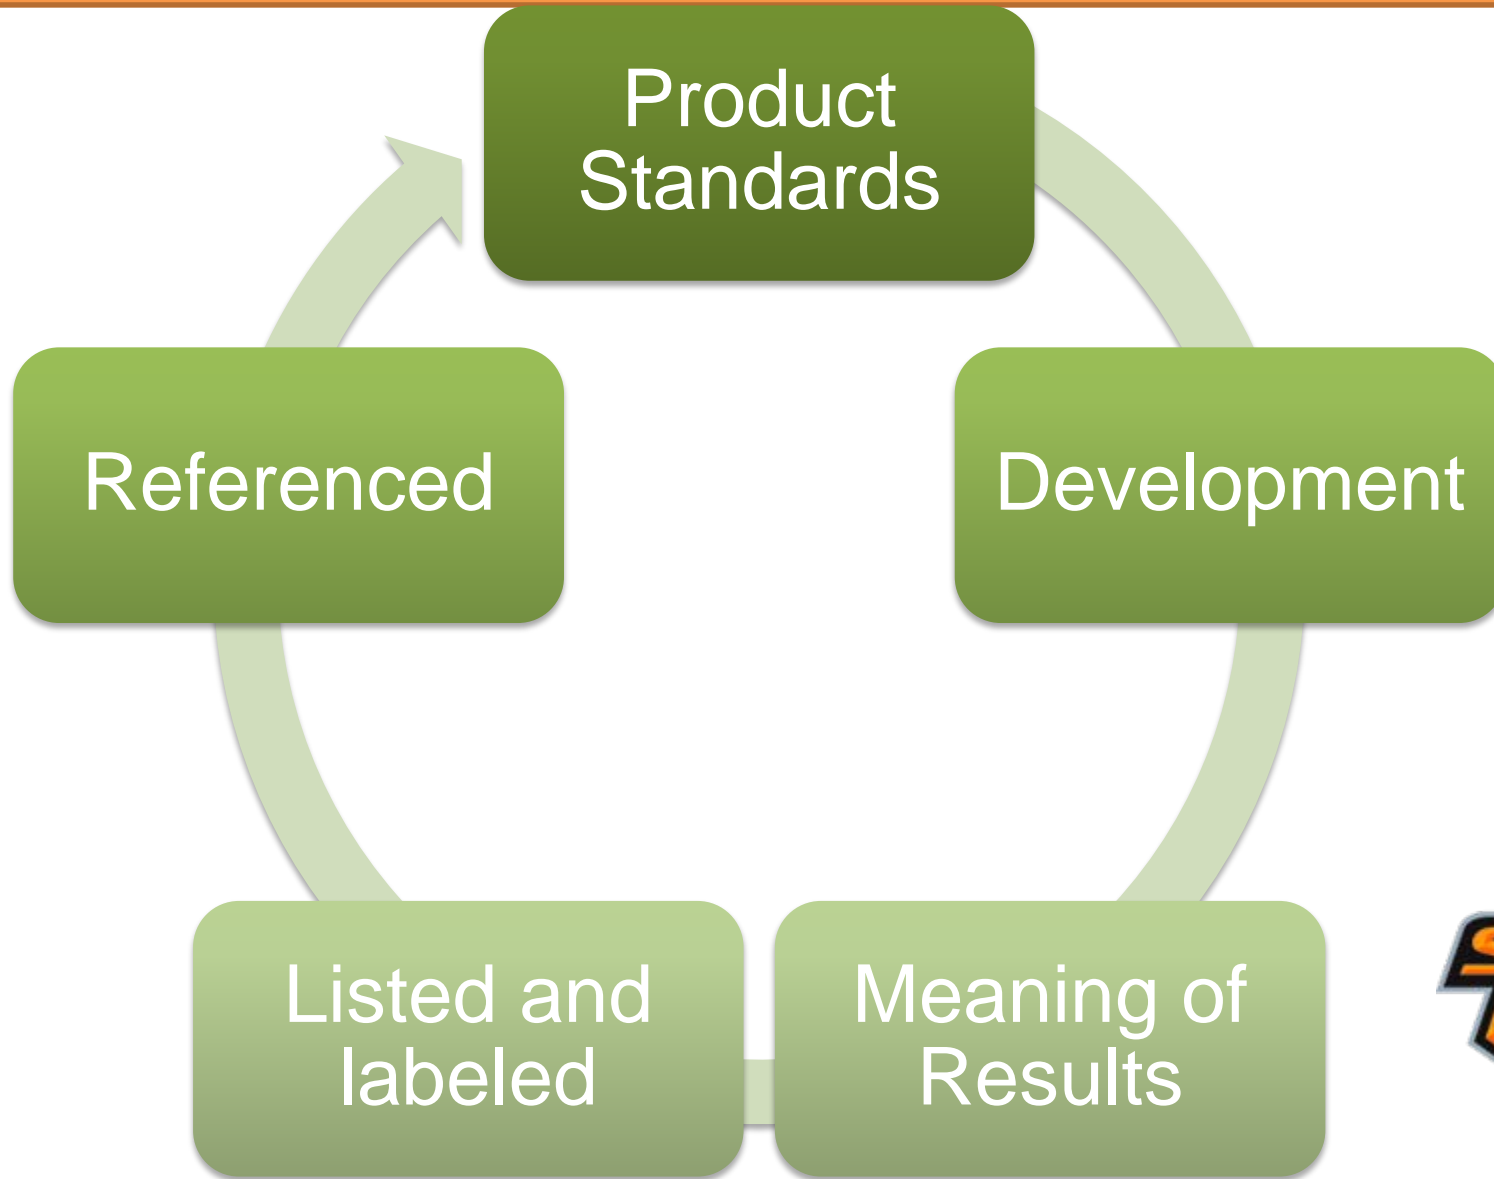

## ANSI CODE & STANDARD DEVELOPMENT PROCESS

# Module 3

---

# Module 4

## Design, Installation, Testing, and Maintenance Standards

Relationship to  
other standards

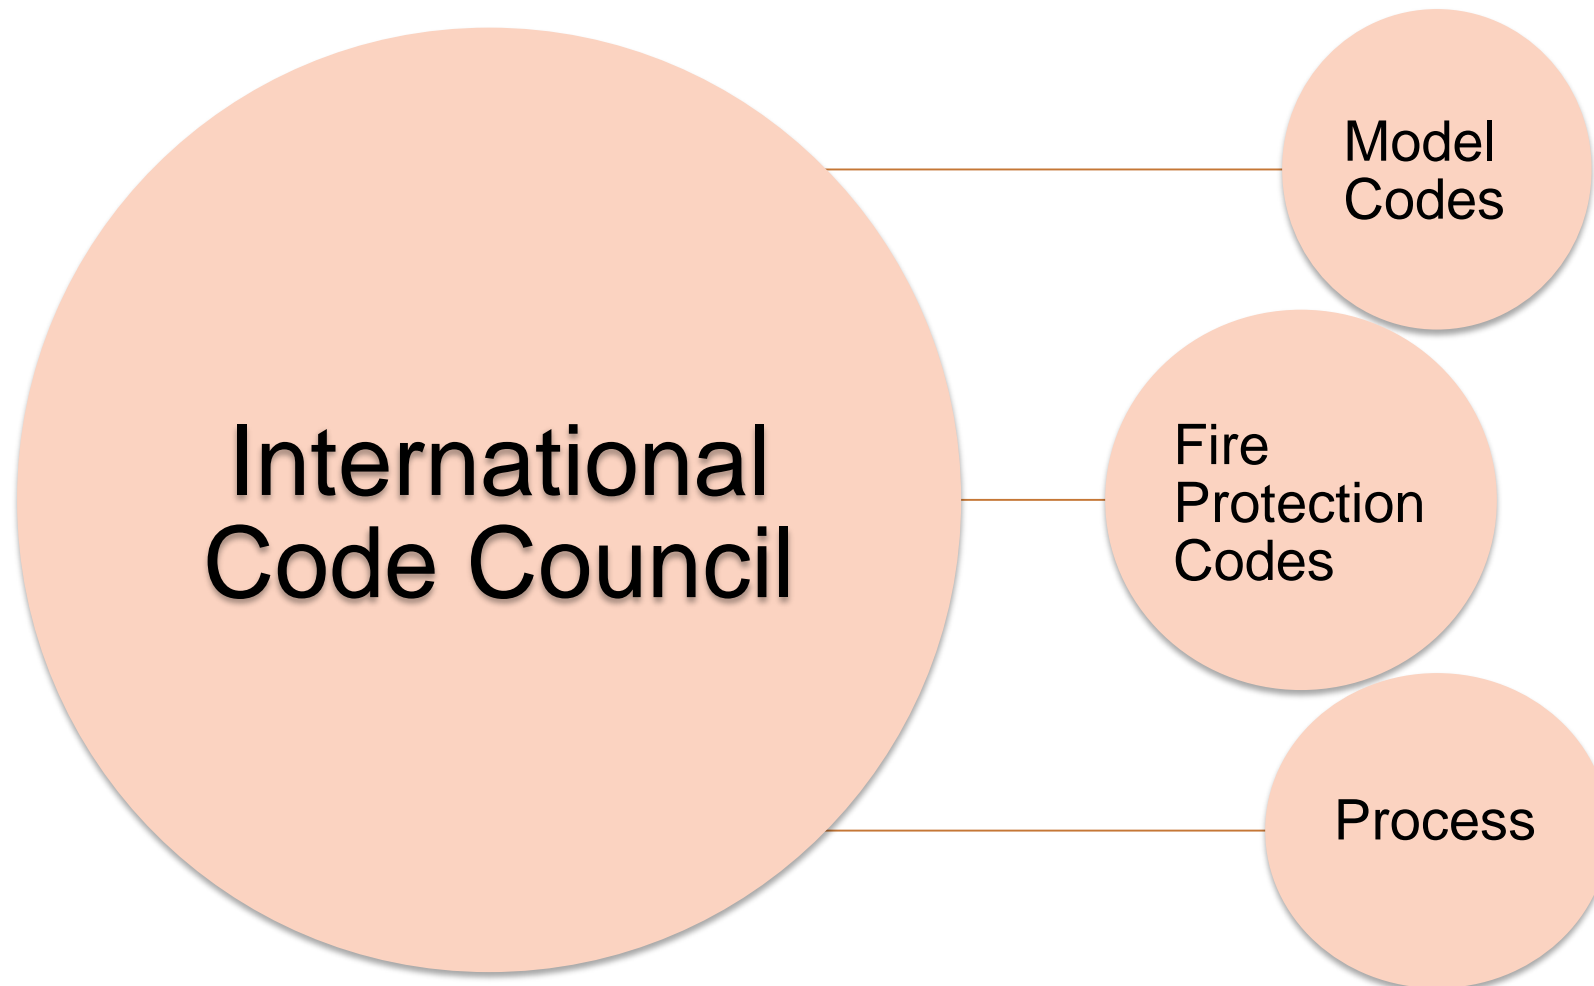

Component

System

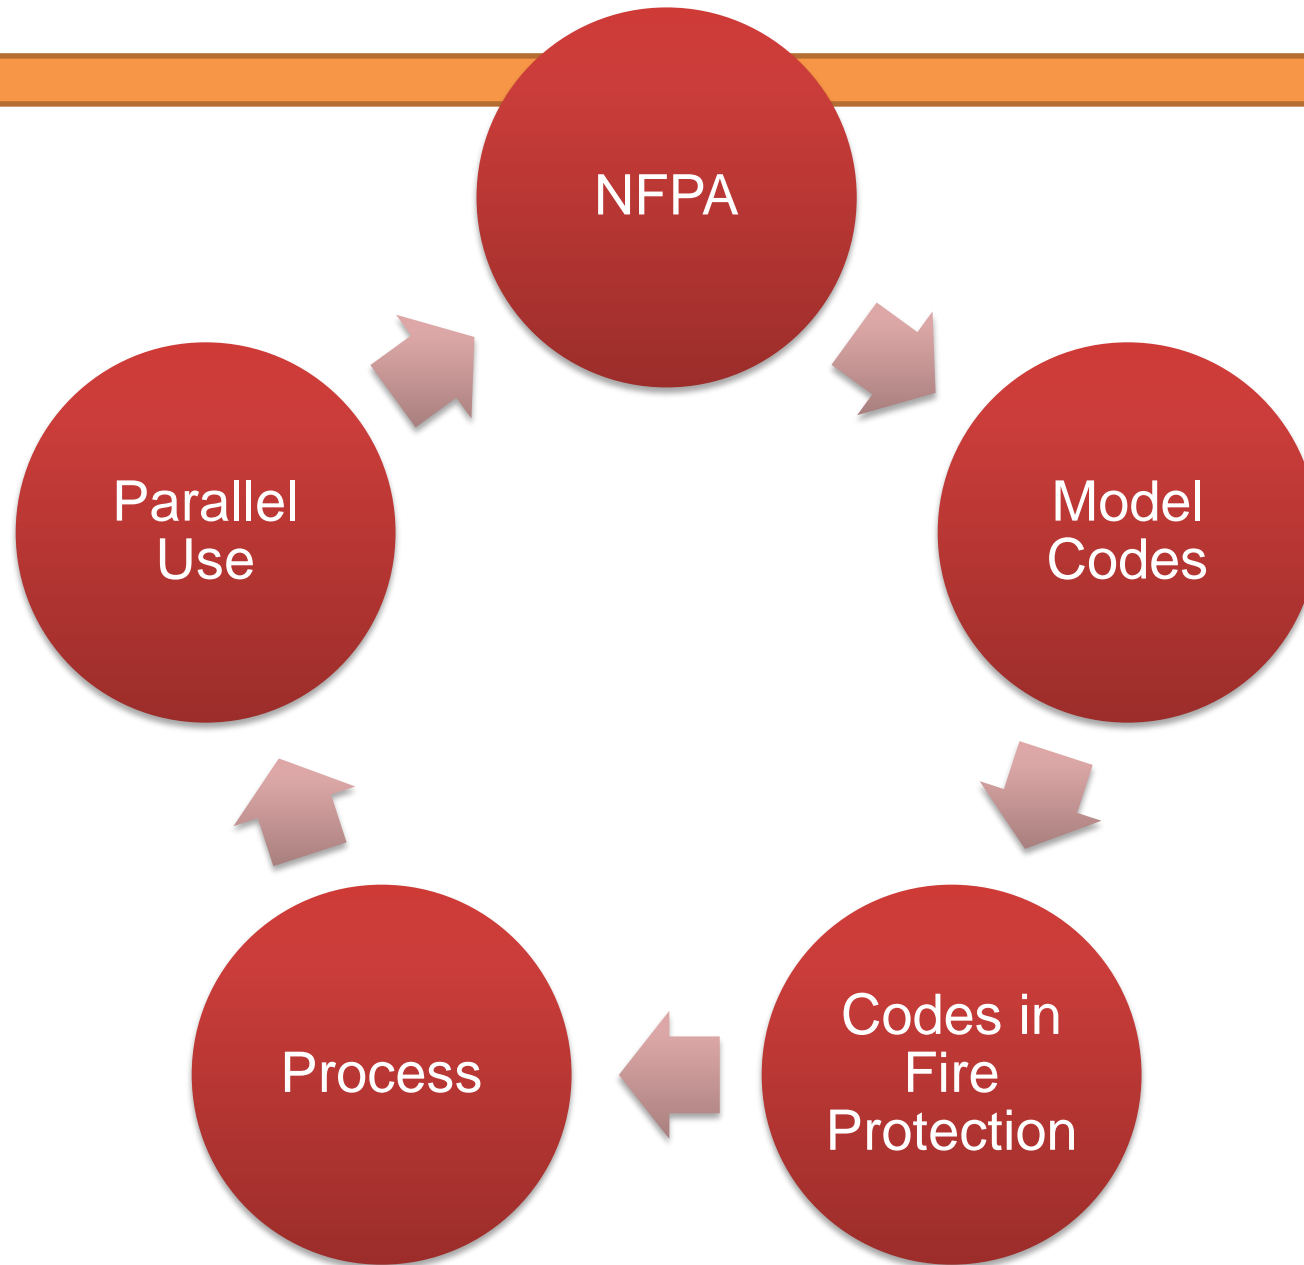

# Module 5

---

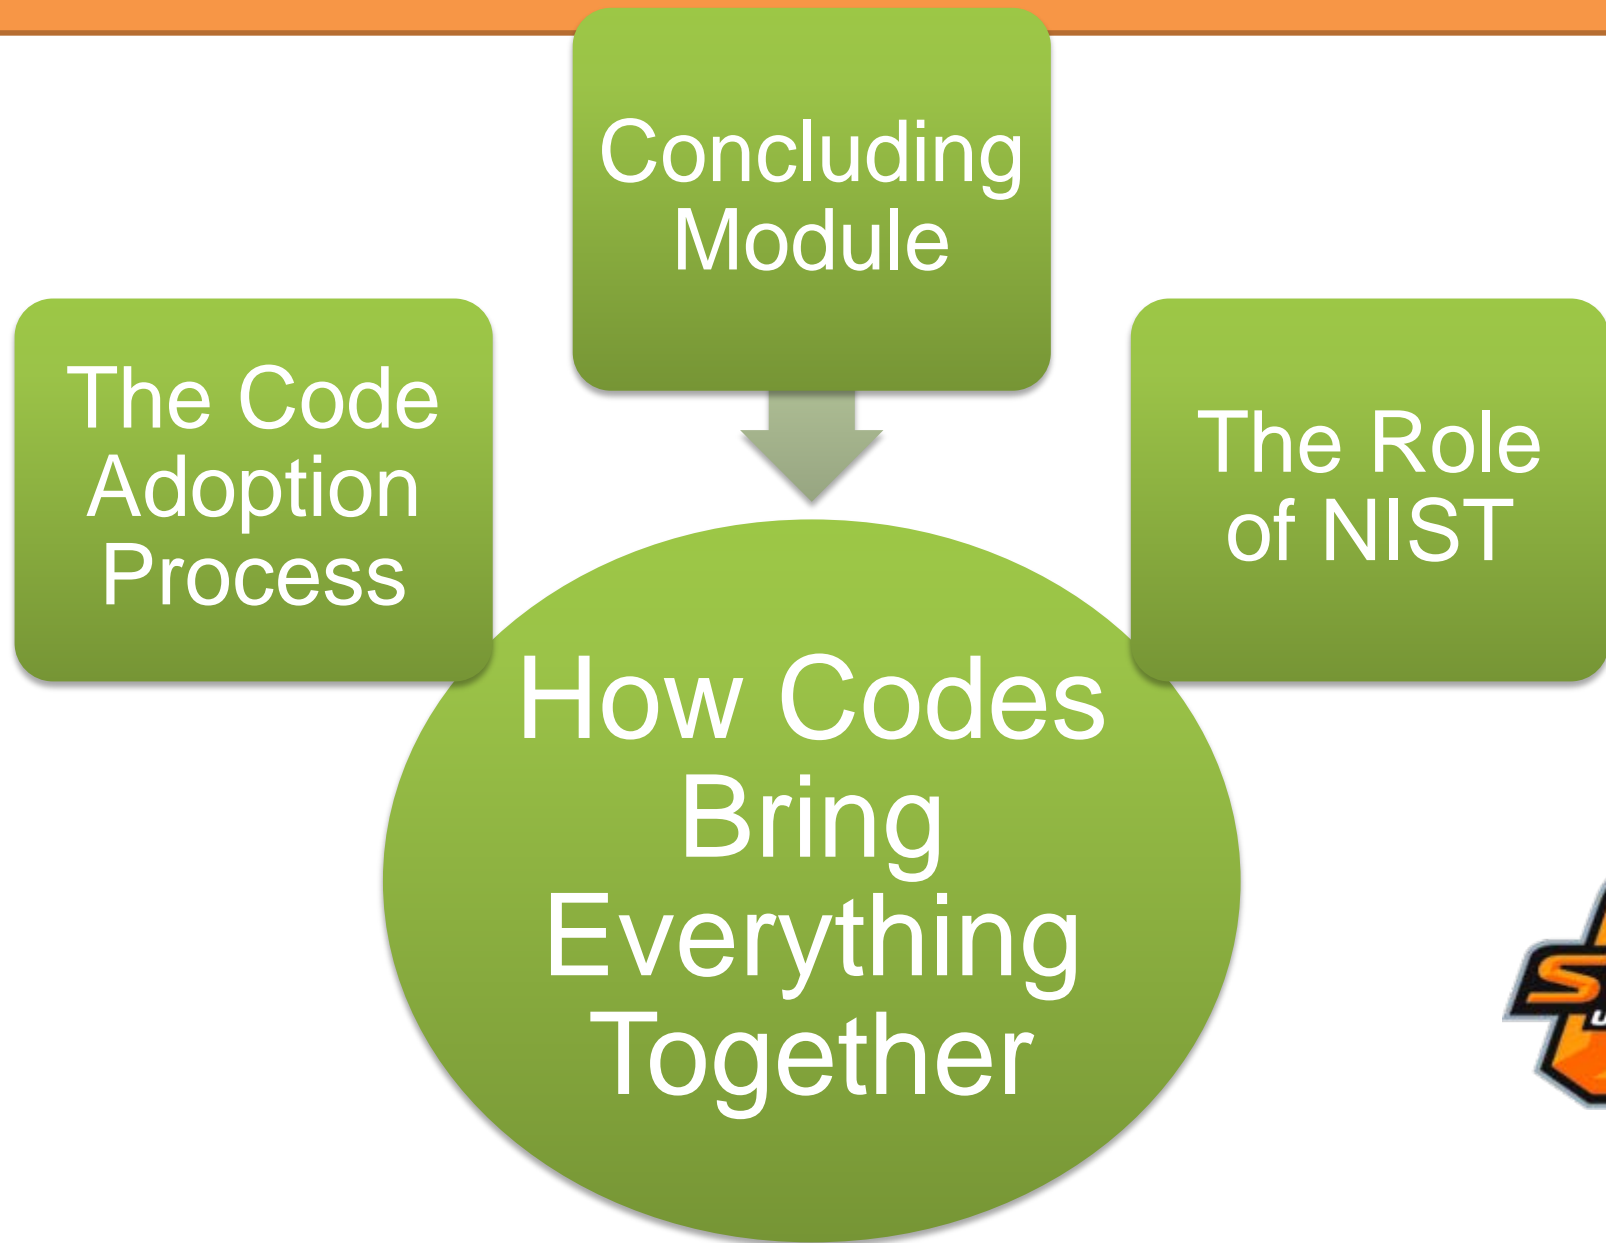

# Module 6

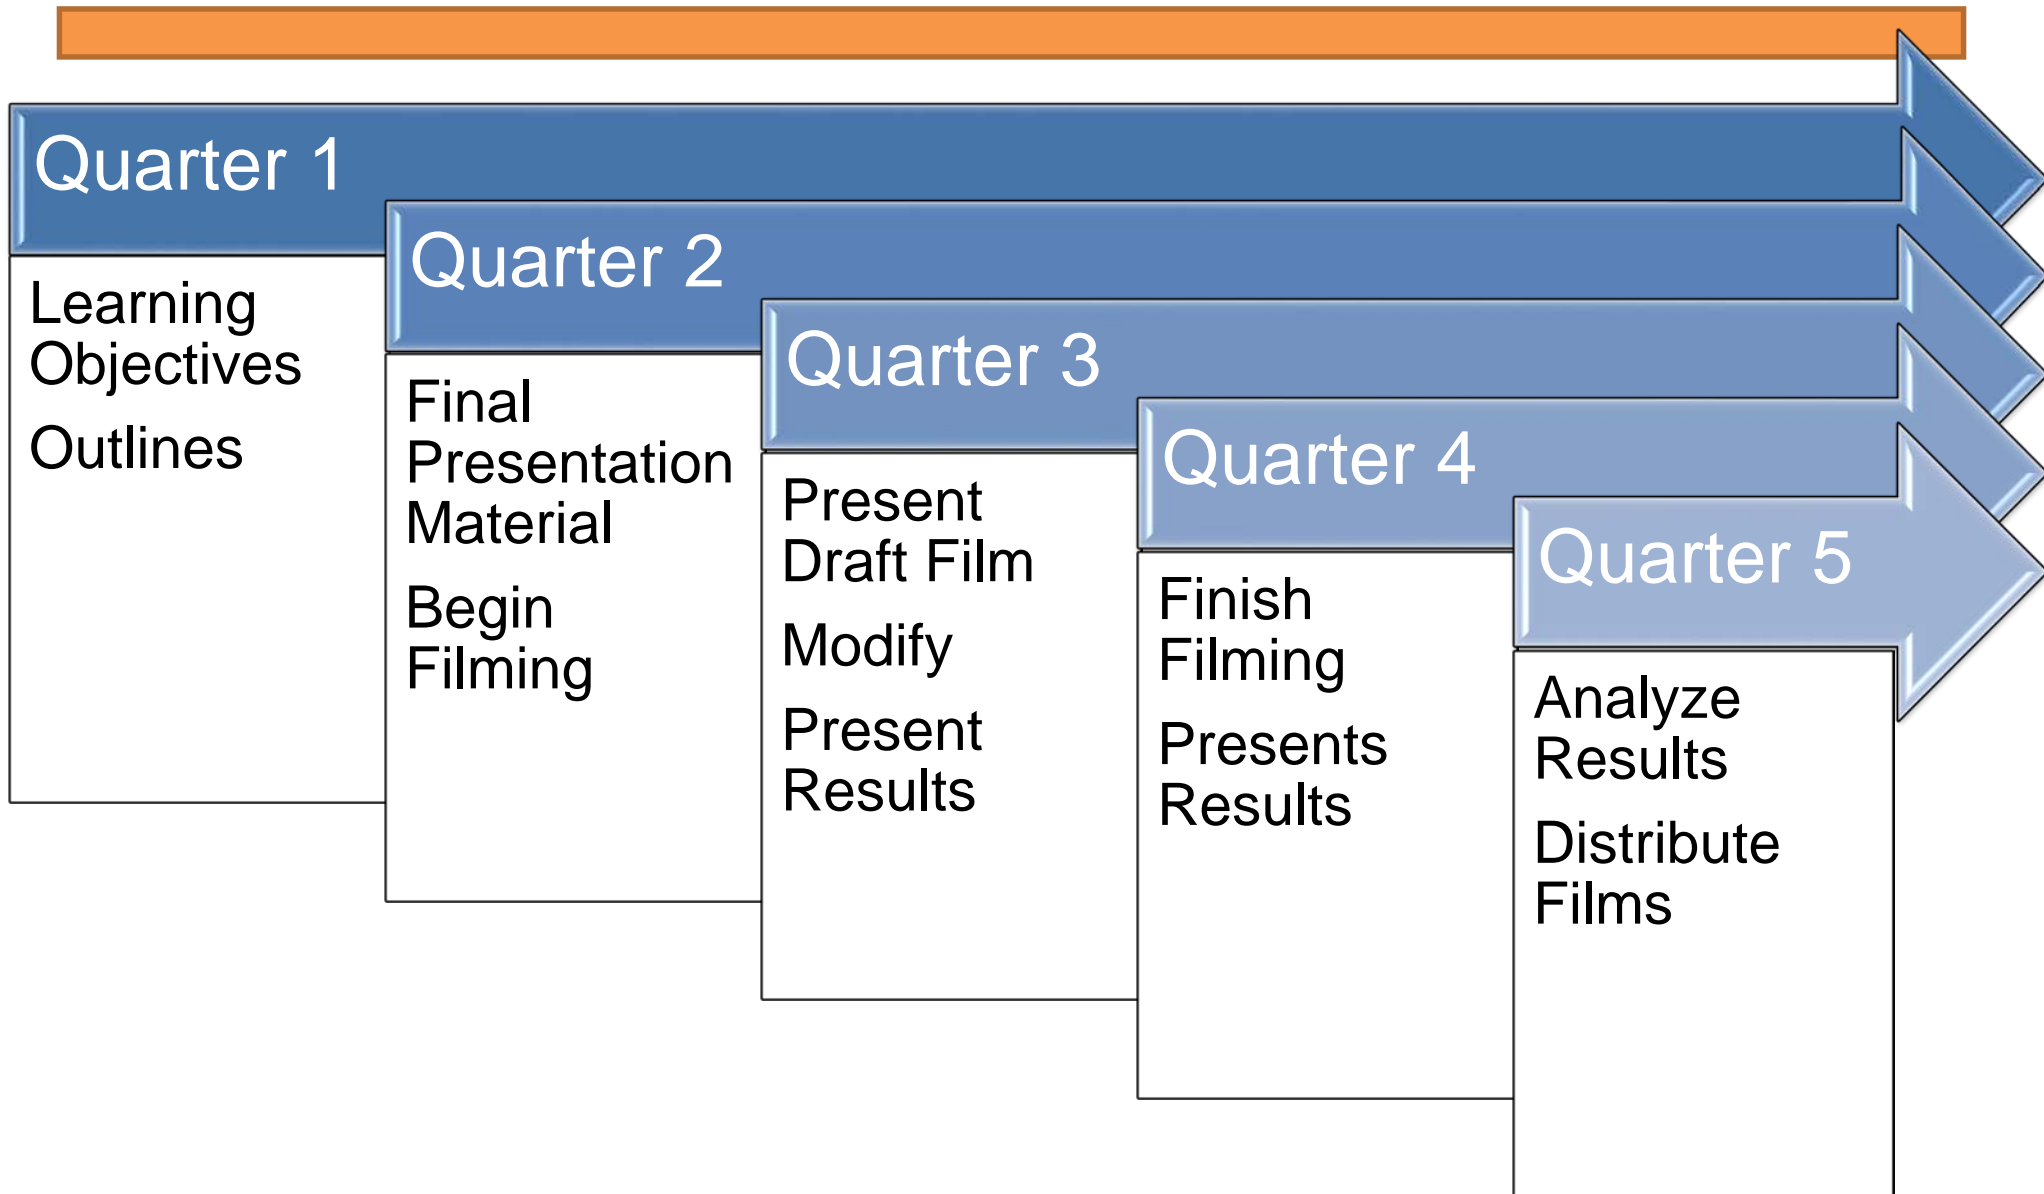

# Module 7
