NIST PRIVACY ENGINEERING PROGRAM
NEWS & UPDATES

Data Privacy Week

2025 CHAMPION

It's Data Privacy Week, and we're celebrating by sharing NIST Privacy Engineering Program updates! Visit our **Data Privacy Week webpage** for more information.

WHAT'S NEW

QUICK START GUIDE TRANSLATIONS
We've released new translations of our Privacy Framework Quick Start Guide into French, German, Japanese, and Mandarin.

RISK MANAGEMENT RESOURCES
New resources are available, including Digital Personal Data Protection Act (DPDPA) 2023 Crosswalk and Comcast xCompass privacy threat modeling tool.

PRIVACY-ENHANCING TECHNOLOGIES PROJECTS
The final blog post in our Privacy-Preserving Federated Learning (PPFL) series is out now. We have also launched a new PETs Testbed.

WHAT'S COMING

PRIVACY WORKFORCE TAXONOMY
Learn more about our NIST Privacy Workforce Taxonomy and the Privacy Workforce Public Working Group (PWWG).

DIFFERENTIAL PRIVACY GUIDELINES
Learn more about the Initial Public Draft of our Differential Privacy Guidelines, NIST Special Publication 800-226.

PRIVACY FRAMEWORK 1.1 + DGM PROFILE
Learn more about the Privacy Framework, Version 1.1 update and the Data Governance and Management (DGM) Profile.
