- After a couple of meetings with the scientific Voice experts, the group determined that Voice was not quite ready to be published as a standard.

- 2011 Voice symposiums are scheduled with a variety of reports that will involve more industry and the scientific Voice community.

- Pending these imminent meetings and reports, recommendation to ANSI/NIST is to reserve a type 11 for a pending Voice addendum.

- Recommend turning the Voice Committee over to NIST to manage, and volunteer Alvin Martin as the Chari
