Community Colleges

- 1,167 community colleges in U.S.

- Community college students constitute the following percentages of undergraduates:
  - All U.S. undergraduates   44%
  - Black   44%
  - Hispanic   52%
  - Native American   55%
  - Asian/Pacific Islander   45%

- In 2001-2007, ~50% of students who received a STEM bachelor's degree attended a community college at some point during their studies.
