

Standards for Pathogen Detection for Biosurveillance and Clinical Applications Workshop

Travel Award Application

Deadline 7/15/2017

These workshop travel awards support researchers from small companies, academia, and state and local government agencies to engage in critical discussions on standards for pathogen detection. The process is selective, and we require a **poster presentation** of your work along with a statement describing **why attendance is important to your institution**.

Name:

Affiliation:

Poster Presentation

Please email the poster **author(s), title, and abstract** to NISTpathogen@nist.gov by **7/15/2017**.

NOTE: This is earlier than required for the general poster presentations to allow us time to consider the applicants.

Brief Statement (200 words):
