1. Description

Facilitate, develop and promote cybersecurity workforce management guidance and measurement approaches that create a culture where the workforce is managed and engaged to effectively address the cybersecurity risks of their organization.

2. Goals and Objectives

- Support the NICE Strategic Plan; in particular, Objectives 3.2, 3.4 and 3.5.
- Support the ongoing effort to update the NICE Cybersecurity Workforce Framework so that it remains current and relevant for stakeholders.
- Produce recommendations and guidelines for developing a cybersecurity culture focused on organizational and individual and role-based responsibilities, leadership involvement, and behavioral change.
- Establish a consensus on promising, sustainable practices directed at an organization for improved management, collaboration and decision making to better engage all individuals in understanding and performing their cybersecurity risk-management responsibilities.
- Develop structure, role profiles and core “knowledge areas” used to map KSAs to certifications, roles, and academic CBE classes.
- Inventory and assess relevant existing research and literature.
- Engage with stakeholder groups to understand deliverables that will most meet the needs of organizations as they seek to reduce cyber risk through the workforce.

3. Organization and Operation

The following sections describe the subgroup structure, membership functions, meeting times and locations, and new member acceptance.
