About The MEP National Network™

The MEP National Network is a unique public-private partnership that delivers comprehensive, proven solutions to U.S. manufacturers, fueling growth and advancing U.S. manufacturing.

Focused on helping small and medium-sized manufacturers generate business results and thrive in today’s technology-driven economy, the MEP National Network comprises the National Institute of Standards and Technology’s Manufacturing Extension Partnership (NIST MEP), the 51 MEP Centers located in all 50 states and Puerto Rico, and over 1,300 trusted advisors and experts at more than 400 MEP service locations, providing any U.S. manufacturer with access to resources they need to succeed.

For every $1.00 of federal investment, the MEP National Network generated $27.20 in new sales growth and $27.30 in new client investment in FY 2017. This translates into $3.5 billion in new sales annually. For every $1,291 of federal investment, MEP helps to create or retain one manufacturing job.
