- Cybersecurity Services
- Exporting & Reshoring
- Food Industry Services
- ISO & Quality Management
- Lean / Six Sigma
- Risk Mitigation
- SMART Manufacturing
- Supply Chain
- Sustainability
- Technology Scouting
- Workforce Development
Focused on helping small and medium-sized manufacturers generate business results and thrive in today’s technology-driven economy, the MEP National Network comprises the National Institute of Standards and Technology’s Manufacturing Extension Partnership (NIST MEP), the 51 MEP Centers located in all 50 states and Puerto Rico, and over 1,300 trusted advisors and experts at more than 400 MEP service locations, providing any U.S. manufacturer with access to resources they need to succeed.

For every one dollar of federal investment in FY 2018, the MEP National Network generated $29.5 in new sales growth and $31.0 in new client investment. This translates into $3.8 billion in new sales. During this same time, for every $1,065 of federal investment, the Network created or retained one manufacturing job.²

Each MEP Center is a partnership between the federal government and a variety of public or private entities, including state, university, and nonprofit organizations.
