Has anyone found a career path?
Which of the following pictures best describes your role as a mobile forensic examiner?
And how does your employer view what you do?
OR
Does it really matter?!
ANOTHER MOBILE EXAMINER QuITS FOR MORE MONEY
THEN
THEN

NOW
We need generalists...
But we need specialists too
We need a way to describe the differences between the two.

Explain
“Define the term logical extraction”

“Study the following log from a mobile phone extraction and provide suggestions for the cause of the errors listed”

“Compare and contrast four different methods of extracting data from mobile devices and provide an example scenario of where each might be appropriate”
RECOGNIZE + REWARD = RETAIN
MOBILE FORENSICS STANDARDS KEEP IMPROVING
One person’s ideas do not an agreed framework make!
