

National Cybersecurity Center of Excellence (NCCoE) Workshop
June 26, 2012

AGENDA

The program will begin at 8:00 am ET and end at 5:00 pm EST.

- | | |
|------------------------|---|
| 8:00-8:30am | Registration |
| 8:30-9:00am | Keynote Address |
| 9:00-10:15am | The NCCoE Introduction: Partnering Instruments
The introductory session will describe the NCCoE, its mission and goals, how the NCCoE will work—ranging from governance and communities to use cases, requirements definition, outputs, and logistics and operations. The session will also address how the community can participate, including the use of Letter of Intent (LOIs) and Collaborative Research and Development Agreements (CRADAs). |
| 10:15-10:30am | Break |
| 10:30-11:15am | Community Panel: This panel will explain what an NCCoE community is, how they are formed, and how they capture their needs and communicate pertinent information. The panel will highlight how a community translates its needs into security requirements for the NCCoE. |
| 11:15am-12:00pm | Use Case Panel: This panel will examine the concept of an NCCoE use case—specifically how a community’s needs and requirements are ultimately translated to a use case. The panel will also explore the iterative nature of NCCoE use cases. |
| 12:00-12:45pm | Industry/Technical Panel: The Industry/Technical Panel will discuss a variety of issues related to industry involvement in the NCCoE. Issues to be explored include the representation of industry in the NCCoE, the development of a build, and the nature of NCCoE outputs. |
| 12:45-1:30pm | Lunch Break |
| 1:30-2:15pm | NCCoE Panel: The panel will describe the NCCoE processes from the viewpoints of all participants (community, industry, etc.). This will include explaining the different roles and responsibilities |

pertaining to use case development, implementation, and deliverable creation.

- | | |
|--------------------|--|
| 2:15-3:00pm | Use Case Prototype: The session will introduce a prototype use case and demonstrate how future use cases should be constructed. |
| 3:00-3:15pm | Break |
| 3:15-4:00pm | Industry and Community Commentary |
| 4:00-4:30pm | Timelines for the Future |
| 4:30-5:00pm | Close and Summary |
