A. Official Designation

The Subcommittee on Standards (SoS) is hereby re-established by action of the National Science and Technology Council (NSTC) Committee on Technology (CoT).¹

B. Purpose and Scope

The National Technology Transfer and Advancement Act of 1995 (NTTAA)² as amended by Sec. 1115 of P. L. 107-107,[i] and the Office of Management and Budget Circular A-119³ set forth official Administration policy on the Federal Government’s approach to engagement in standards development and use of standards. Additional guidance to executive agencies and departments is provided in the White House Memorandum M-12-08 on “Principles for Federal Engagement in Standards Activities to Address National Priorities.”⁴ The policy framework and guidance emphasize that the Federal Government’s commitment to rely on private-sector leadership, supplemented by Federal Government contributions to discrete standardization processes, remains the primary strategy for government engagement in standards development. The SoS, operating under the oversight of the CoT, will address how Federal agencies can more effectively use standards and standards-related solutions to strengthen U.S. innovation and competitiveness.

C. Functions

1. Recognizing the importance of standards as a policy tool that can help achieve agency mission objectives and address important technological issues in national priorities, the SoS will address how Federal agencies can more effectively engage in the development and use of standards, and on standards policy related matters.
2. The SoS will champion Federal Government engagement in the development and use of standards by furthering interagency coordination and cooperation on standards solutions for addressing national priorities.

¹ The NSTC/CoT/SoS was originally chartered on August 04, 2010 and it is to expire on December 31, 2012.

3. Working with appropriate Federal agencies and established interagency groups, the SoS will support U.S. standards policy, as embodied in the NTTAA and OMB-A-119, elaborating the benefits of this approach.

4. The SoS will elevate awareness of the importance of standards and related Federal policies among the leadership of Federal agencies, and will streamline information sharing about agency approaches and best practices on engagement in standardization related issues.

5. The SoS will support Federal agency adoption and use of the standards engagement principles described in White House Memorandum M-12-08 “Principles for Federal Engagement in Standards Activities to Address National Priorities.”

**D. Membership**

The following departments and agencies are represented on the SoS:

- Department of Commerce (Chair);^5

Office of Management and Budget;
Office of Science and Technology Policy; and
United States Trade Representative.

Cooperating departments and agencies shall include other such Executive organizations, departments and agencies as the Chair may, from time to time, designate.

E. **Private-Sector Interface**

The SoS may seek advice from members of the President's Council of Advisors on Science and Technology to secure appropriate private-sector\(^6\) advice, and will recommend to the CoT and/or the Director of the Office of Science and Technology Policy the nature of any additional non-Federal advice needed to accomplish its mission. The SoS may also interact with and receive *ad hoc* advice from various private-sector groups as consistent with the Federal Advisory Committee Act.

F. **Termination Date**

Unless renewed by the chair of the CoT prior to its expiration, the SoS shall terminate no later than December 31, 2016.

G. **Determination**

I hereby determine that the function of the Subcommittee on Standards is in the public interest in connection with the performance of duties imposed on the Executive Branch by law, and that such duties can best be performed through the advice and counsel of such a group.

Approved:

\(^6\) The Federal Advisory Committee Act, 5 U.S.C. App., as amended, does not explicitly define “private sector,” but the phrase is generally understood to include individuals or entities outside the Federal government such as, but not limited to, the following: non-Federal sources, academia, State, local or Tribal governments, individual citizens, the public, non-governmental organizations, industry associations, international bodies, etc.
SEC. 1115. PARTICIPATION OF PERSONNEL IN TECHNICAL STANDARDS DEVELOPMENT ACTIVITIES.

Subsection (d) of section 12 of the National Technology Transfer and Advancement Act of 1995 (Pub. Law 104–113; 15 U.S.C. 272 note) is amended—

(1) by redesignating paragraph (4) as paragraph (5); and

(2) by inserting after paragraph (3) the following new paragraph (4):

“(4) EXPENSES OF GOVERNMENT PERSONNEL.—Section 5946 of title 5, United States Code, shall not apply with respect to any activity of an employee of a Federal agency or department that is determined by the head of that agency or department as being an activity undertaken in carrying out this subsection.”.
