

	DEPARTMENT OF COMMERCE National Institute of Standards and Technology National Voluntary Laboratory Accreditation Program	ISSUE DATE: March 12, 2019
	LAB BULLETIN	NUMBER: LB-112-2019
		LAP: Energy Efficient Lighting LAP
SUBJECT: Release of NIST Handbook 150-1, 2019 Edition		

NIST Handbook 150-1, which presents the technical requirements and guidance for the accreditation of laboratories under the NVLAP Energy Efficient Lighting LAP, has been revised.

The following are the primary changes that have been made with this revision of Handbook 150-1:

- the numbering has been updated to reflect that used by ISO/IEC 17025:2017, *General requirements for the competence of testing and calibration laboratories*.
- requirements that closely duplicated existing requirements in either ISO/IEC 17025 or NIST Handbook 150 have been removed.

The 2019 edition of NIST Handbook 150-1 supersedes and replaces the 2017 edition. It is available for downloading (PDF format) from the NVLAP website <<http://www.nist.gov/nvlap>> under NVLAP Program-Specific Handbooks. The corresponding NIST Handbook 150-1 Checklist (ISO/IEC 17025:2017) has also been updated and posted on the NVLAP website under NVLAP Publications and Forms.

Questions concerning the revised handbook or requirements for accreditation should be directed to Timothy Rasinski at 301-975-6697, or <timothy.rasinski@nist.gov>.
