

CyberCorps®: Scholarship for Service

The CyberCorps® Scholarship for Service (SFS) program seeks to increase the number of qualified cybersecurity professionals working for Federal, State, Local, Territorial and Tribal governments and to increase the capacity of the United States higher education enterprise to produce professionals in cybersecurity.

Student Eligibility

- ◆ U.S. Citizen or Permanent Resident
- ◆ Full-time student enrolled in cybersecurity program, pursuing a bachelor's, master's, or Ph.D.
- ◆ Eligible for government employment (must be able to acquire security clearance)

Institution Eligibility

- ◆ A strong coherent formal program in cybersecurity as evidenced by the designation as a CAE in Cyber Defense or Cyber Operations; ABET Cybersecurity accreditation; program implementation based on ACM Cybersecurity Curricular Guidelines (CSEC2017); or equivalent evidence
- ◆ Community colleges are eligible only as a sub-awardee of a partnering 4-year SFS institution

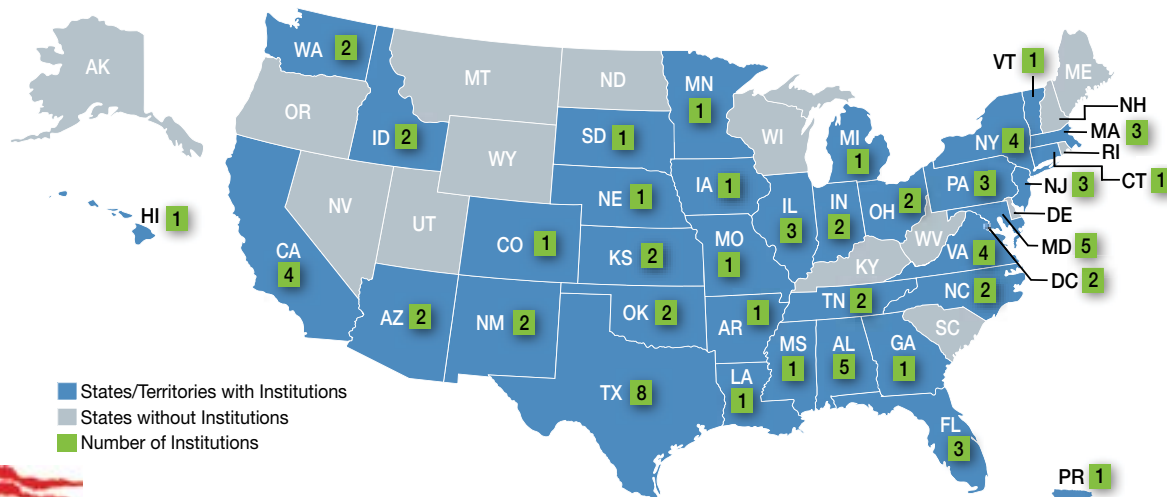

The SFS program is managed by the National Science Foundation (NSF), in collaboration with the U.S. Office of Personnel Management, the U.S. Department of Homeland Security and, in accordance with the Cybersecurity Enhancement Act of 2014 as amended by the 2018 National Defense Authorization Act (15 USC 7442).

Scholarship Component

- ◆ Funding: full tuition plus stipends \$25K/\$34K and professional development \$6K per year
- ◆ Length: up to 3 years of scholarship for undergraduate or graduate (master's or doctoral) education
- ◆ Obligation: Summer internship and post-graduation service requirement (work in a government agency for a period equal to the scholarship length)
