

Inaugural Space Cybersecurity Symposium:

Access for Start-ups

Wednesday, May 5, 2021

10:00 am – 4:00 pm EDT

Registration is now open for this virtual symposium at the following link: [Registration](#)

Vision: Cybersecurity measures and policies are ubiquitous in the design, development, delivery, and operation of components supporting American space activities.

Desired Outcome: The establishment of a common forum that encourages partnerships between DHS and Commerce and commercial space companies of all sizes regarding cybersecurity measures and policies.
