## General Comment

This last election I was forced to vote in person or give up my right to a secret ballot. I am blind and I could not request an accessible vote by mail ballot independently. I have often encountered barriers when voting in person too. Sometimes I have waited hours for workers to successfully get the audio ballot up and running. Finally I am concerned that my ballot is identifiable since it is different from other ballots submitted by non-disabled voters.

Patti S. Gregory-Chang Esq.
