General Comment

To Whom It May Concern: Currently I live in Michigan and am registered as a Permanent Mail-In Voter, which I appreciate greatly as a disabled American. I'm completely blind in one eye and deal with other data processing issues from brain injuries sustained in childhood. I do my research & fill out my ballot in the freedom & comfort of my own home, without worrying about risking my health or making mistakes because of distractions. Consider extending and protecting this cost-effective choice for other voters, disabled or not.
