General Comment

I am submitting this for Joseph B. Naulty who is both blind and living with a 95% loss of hearing. As his caregiver and POA, I can describe the experiences we have endured at the Brevard County Polls, Florida. Over the past 10 years of living in Brevard County Florida, we can write the book on the journey to vote. Things show improvement, but inoperative machines. inadequately trained pole workers, pole workers who will not admit they "do not know" and ask for help and a host of other issues have driven us to turn to absentee voting. Now, our State Legislators have placed restrictions on Absentee Voting.
