The Go-To Experts for Advancing U.S. Manufacturing
Focused on helping small and medium-sized manufacturers generate business results and thrive in today’s technology-driven economy, the MEP National Network comprises the National Institute of Standards and Technology’s Manufacturing Extension Partnership (NIST MEP), the 51 MEP Centers located in all 50 states and Puerto Rico, the MEP Advisory Board, MEP Center boards, and the Foundation for Manufacturing Excellence, as well as over 1,400 trusted advisors and experts at approximately 450 MEP service locations, providing any U.S. manufacturer with access to resources they need to succeed.

For every one dollar of federal investment in FY 2021, the MEP National Network generated $26.20 in new sales growth and $34.50 in new client investment. This translates into $3.9 billion in new sales. During this same time, for every $1,193 of federal investment, the Network created or retained one manufacturing job. Each MEP Center is a partnership between the federal government and a variety of public or private entities, including state, university and nonprofit organizations.

1 Numbers and information contained in this document are based on survey results from MEP Center clients. Surveys are conducted by an independent third party survey firm. Numbers are rounded to the nearest whole number. Of the 13,070 clients who were due to be surveyed over the FY21 time frame, 8,998 completed it.

3 Federal investment is based on $150 million in federal funding for FY 2021.
