Are We Making Progress?

How do you know?

Are your values, vision, mission, and plans being deployed?

Does your leadership team understand them?

Do the members of your workforce understand and support them?

Are your communications effective?

Is the message being well received?

Use This Tool to Quickly Assess Your Employees’ Perceptions

In today’s environment, if you are standing still, you are falling behind. Making the right decisions at the right time is critical. Following through on those decisions is challenging: deploying strategy is much more difficult than developing strategy. If deployment is so challenging, the questions are, Are you making progress? How do you know?

Are We Making Progress? and the companion document for leaders, Are We Making Progress as Leaders?, are designed to help you know. These tools show you whether your perceptions agree with those of your workforce. They will help you focus your improvement and communication efforts on the most critical areas.

The questionnaires are organized by the seven Baldrige Criteria for Performance Excellence® categories, part of the Baldrige Excellence Framework®. These questionnaires identify opportunities for improvement and direct you to more detailed questions in the Criteria. They also may help you identify some ideas for making improvements and recognizing opportunities for innovation.

Ask the members of your workforce their opinions. They will appreciate the opportunity—and your organization will benefit from their responses!
Are We Making Progress?
