Interested in leading? Email: pwwg@nist.gov
- Name
- Preferred email address
- Which Project Team(s) you’d like to lead
- Link to bio or LinkedIn page
Note: Lots of support for the changes we will be implementing going forward √

- More conference calls/meetings
- More emphasis/information on member expectations for onboarded members
- Time caught up in whether to use a particular word vs another word. Focus on overarching activities and then have someone (or a group of someone's) take a pass at wordsmithing later.
- Schedule calls for participants in Asia at a more friendly time. Most calls happen in the middle of the night for us here in Asia.
- Implement reward and recognition (e.g., Credly badge)
- Provide some sort of letter or certificate or anything that helps us document our efforts for our employers!
