Comment Number	Date	Commenter Name	Comment	Location of Change (Page number, Section, Header, Paragraph, Line #)	Critical, Substantive, or Administrative Comment	Suggested Language, if Appropriate
1	3/17/2023	Nicole Rohloff	Cite EO 14028 and the 2023 White House Cybersecurity Strategy in section and link to them in an addendum (see comment #2).	Executive Summary	Substantive	N/A
2	3/17/2023	Nicole Rohloff	Add an addendum in 2.0 that includes links to pertinent EOs, regulations, working groups, etc., mentioned throughout the publication.	N/A (add a new appendix)	Substantive	As it relates online informative references, suggest adding NERC CIP requirements to the list
3	3/17/2023	Nicole Rohloff	To foster worldwide collaboration and engagement, include a list of known CSF-related working groups in this section (e.g., NICE, federal workgroups, private sector groups, etc.) with contact/membership information to encourage further information-sharing and collaboration.	Page 5, Section 1.3: Increase international collaboration and engagement	Substantive	N/A
4	3/17/2023	Nicole Rohloff	Add a dedicated appendix that includes a complete list of relevant NIST companion guides (E.g., NIST 800-161, 8286, 8286 A-D); this will be helpful for people that aren't familiar with all of them.	Page 6, Section 2.2: Relate the CSF clearly to other NIST frameworks	Substantive	N/A
5	3/17/2023	Nicole Rohloff	Recommend adding 800-161, 8286, 8286A-D to the CPRT tool. Given the addition of third-party/supply chain risk to 2.0, these resources will be helpful for cyber and/or risk professionals.	Page 6, Section 2.3: Leverage Cybersecurity and Privacy Reference Tool for online CSF 2.0 Core	Substantive	https://csrc.nist.gov/projects/cprt/catalog#/cprt/home
6	3/17/2023	Nicole Rohloff	Add NERC CIP requirements to the list of online informative references.	Page 6, Section 2.4: Use updatable, online Informative References	Substantive	N/A
7	3/17/2023	Nicole Rohloff	As it relates to the new govern function, update the 2.0 draft glossary to include definitions of the following: issue, finding, remediation	Page 10, Section 4: CSF 2.0 will emphasize the importance of cybersecurity governance	Substantive	N/A
8	3/17/2023	Nicole Rohloff	Cite a complete list of relevant risk management companion guides in this section (e.g., 8286, 800-161, etc.) and link to them in a dedicated appendix; see comment #4.	Page 11, Section 4.2: Improve discussion of relationship to risk management	Substantive	N/A
9	3/17/2023	Nicole Rohloff	Cite the 2023 White House Cybersecurity Strategy here as well, touches heavily on 3rd party/supply chain risk and applies to both public/private sectors.	Page 11, Section 5.1:Expand coverage of supply chain	Substantive	N/A
10	3/17/2023	Nicole Rohloff	Collaborate with NIAC and/or cite their efforts in draft 2.0 as their efforts compliment aspects of NIST's.	Executive Summary and other applicable sections	Substantive	For reference: https://cyberscoop.com/infrastructure-advisory-council-cyber/
11	3/17/2023	Nicole Rohloff	Recommend a quality check on the following page: https://www.nist.gov/cyberframework/newsroom/latest-updates	CSF 2.0 Home Page, bottom of page, latest updates	Administrative	Ensure dates have been updated (e.g., extensions accurately reflected and/or remove date if public comment period has passed
