**61%** Expertise of Staff

**35%** Cost of Service

**29%** Knowledge

# ABOUT THE MEP NATIONAL NETWORK

Focused on helping small and medium-sized manufacturers generate business results and thrive in today's technology-driven economy, the MEP National Network comprises the National Institute of Standards and Technology's Manufacturing Extension Partnership (NIST MEP), the 51 MEP Centers located in all 50 states and Puerto Rico, the MEP Advisory Board, MEP Center boards, and the Foundation for Manufacturing Excellence, as well as over 1,450 trusted advisors and experts at approximately 430 MEP service locations, providing any U.S. manufacturer with access to resources they need to succeed.

For every one dollar of federal investment in FY 2022, the MEP National Network generated \$35.80 in new sales growth and \$40.50 in new client investment. This translates into more than \$5.6 billion in new sales. During this same time, for every \$1,353 of federal investment, the Network created or retained one manufacturing job.<sup>3</sup> Each MEP Center is a partnership between the federal government and a variety of public or private entities, including state, university and nonprofit organizations.
