

	DEPARTMENT OF COMMERCE National Institute of Standards and Technology National Voluntary Laboratory Accreditation Program	ISSUE DATE: October 18, 2024
	LAB BULLETIN	NUMBER: LB-157-2024
		LAP: ECT
SUBJECT: Revision of the Innovation, Science and Economic Development (ISED) Canada Program Specific NIST Handbook 150-11B Checklist, <i>ECT: ISED Telecommunications Terminal Equipment, Radio Apparatus and Broadcasting Equipment</i>		

The purpose of this bulletin is to notify laboratories of the revision to the NVLAP Innovation, Science and Economic Development (ISED) Canada program specific checklist, NIST Handbook 150-11B, *ECT: ISED Telecommunications Terminal Equipment, Radio Apparatus and Broadcasting Equipment*.

Notice

The NIST Handbook 150-11B program specific checklist, *ECT: ISED Telecommunications Terminal Equipment, Radio Apparatus and Broadcasting Equipment* has been revised based on the [ISED Testing Laboratory Technical Assessment Checklist](#), which was released on June 25, 2024.

Use of this checklist is effective immediately, and supersedes the previous version dated February 2, 2022. The current version of the NIST Handbook 150-11B checklist, *ECT: ISED Telecommunications Terminal Equipment, Radio Apparatus and Broadcasting Equipment* is accessible to the laboratory in the NVLAP Interactive Web System (NIWS) Lab Portal in the Documents Library under the Search Documents tab. The checklist shall be completed by the NVLAP assessor at the regularly scheduled renewal assessment.

After January 1, 2025, the latest version of the NIST Handbook 150-11B checklist will be required to be submitted to ISED if a laboratory is seeking recognition or a change to its existing ISED recognition. The previous versions of the checklist will no longer be accepted by ISED after this date.

Questions should be directed to Amanda McDonald, Amanda.McDonald@nist.gov or Janneth Marcelo, Janneth.Marcelo@nist.gov.
