

2010 NIST Speaker Recognition Evaluation HASR Registration Form

To receive system development data as requested and participate in the Human Assisted Speaker Recognition part of the 2010 NIST Speaker Recognition Evaluation, this registration form must be filled out in its entirety and returned to NIST by the registration deadline of **March 1, 2010**.

FAX: Attn: Craig Greenberg or Postal Mail: Craig Greenberg – NIST or Scanned Email attachment:
+1 (301) 670-0939 100 Bureau Dr., Mail Stop 8940 speaker_poc@nist.gov
Gaithersburg, MD 20899-8940 USA

The following are terms of participation in the HASR test of the 2010 NIST Speaker Recognition Evaluation:

- Sites must sign the LDC's 2010 NIST Speaker Recognition Evaluation License Agreement before receiving any requested development data and the evaluation data. See link at: <http://www.nist.gov/speech/tests/sre/2010/index.html>
- Evaluation data will be electronically distributed one trial at a time beginning in February 2010. A submission must be made for each trial received before the next one is made available. The registered site will process either the first fifteen trials (HASR1) or all 150 trials (HASR2) in accordance with the SRE10 evaluation plan by the end of the specified evaluation period in May, 2010. See link at: <http://www.nist.gov/speech/tests/sre/2010/index.html> for a current copy of the evaluation plan. Sites choosing HASR1 and completing it early will be offered the opportunity to then complete HASR2.
- All data received is protected and cannot be redistributed.
- In reporting and comparing its results with the results of other participants, the site agrees to follow rules specified in the SRE10 evaluation plan. In particular, sites are free to do as they wish with their own performance results, but may neither redistribute nor publish results or presentations from another site without that site's explicit permission. Further, as expressed in the evaluation plan, publicly claiming to "win" the evaluation is **strictly prohibited**.

NIST serves to coordinate the Speaker Recognition evaluations. These tests are designed for local implementation by each participant. Only their results are returned to NIST for scoring. The reported results are not to be construed, or represented, as endorsement of any participant's system, or as official findings on the part of NIST or the U.S. Government.

Please Type or Print Clearly

Site Affiliation: _____

Will complete (check one): HASR1 (15 trials) _____ HASR2 (150 trials) _____

Contact Information

Name: _____ FedEx _____

E-Mail: _____ Delivery _____

Address: _____

Phone: _____

(note: FedEx does not deliver to PO Boxes in the US)

Signature: _____ Date: _____

(By signing and returning this form to NIST you are registering your site as a participant in the HASR part of the NIST SRE10 evaluation, and acknowledging that you have read and will abide by the protocols as described in the official evaluation plan.)
